3) 21Club

Sponsor: Ms. Denard and Ms. AJ

Inspired to lead. The 21st Century Leaders Club (21Club) is a servant leadership program with the goal of empowering student leaders to plan and facilitate their own community service projects and leadership forums. Students who successfully complete the 21Club will have access to continuing leadership opportunities over the summer and throughout the school year outside of Drew. The 21Club is a partnership with the 21st Century Leaders Program, which is Georgia's premier youth leadership and development organization for high school students.

4) Architecture Club

Sponsor: Ms. Riley

"We will explore the art and craft of building from ancient to modern times and talk about careers in Architecture and related fields.

Depending on interest, we can take a field trip to an Architectural firm's office and maybe a building site!

Mr. Ayers has a degree in Architecture from Georgia Tech and worked as an intern at a local Architecture firm. He has visited famous buildings in North America, Europe, Asia, and Australia.

5) Astronomy Club

Sponsor: Mr. Russo

The main aim of the Astronomy club is to design and construct a mini observatory to become a permanent feature of the Drew campus and curriculum. Club members will scout the campus for ideal build site/s, research potential observatory designs, make cost estimate projections and plan astronomy-themed fundraisers and star gazing events to fund the project. Along the way we will discuss astronomy techniques/tools, astrophotography, cosmology, aliens and all manner of spacey things

6) Crystal Cavern Rockhounds Lapidary Club

Sponsor: Dr. Kurt

Do you like crystals? Curious how you could make jewelry from rocks you find outside? Wanna find out more about how these amazing minerals form? Crystal Caverns Rockhounds is for you! We'll be learning about gems and minerals, making jewelry, and hopefully finding our own amazing specimens in the field. Join us and get all your healing energy in the club

7) Disc Golf Club

Sponsor: Mr. Martz

Disc golf is very similar to regular golf, but instead of using clubs and a ball you throw a frisbee into a basket. Courses are often free to play and located in beautiful public parks. Disc golf is enjoyed by players of all ages, genders, and skill levels. Join Disc Golf Club to be a part of one of America's fastest-growing sports

8) Ecybermission (9th Grade Only)

Sponsor: Ms. Fambro

Ecybermission is a virtual STEM competition for students in the 9th grade. Students form teams and select a community problem to investigate with science or solve with engineering. Students can win prizes at the state, regional and national levels.

9) EmpowerHER

Sponsor: Girls Group

Join EmpowerHER and unlock your true potential! This club is all about self-discovery, confidence, and having fun while you grow. We dive into real talk on self-care, decision-making, and staying true to yourself. Whether you're looking to find your voice, build new skills, or just be part of an awesome community, EmpowerHER is the place to be!

10) Fashion Club

Sponsor: Ms. Shavis

Mission Statement:

Fashion Club provides a technology-driven education that inspires, empowers, and supports everyone.

- We prepare people to solve modern problems by integrating

traditional skills with evolving digital tools and technologies.

- We inspire by cultivating a dynamic, creative, and welcoming environment.
- We empower by teaching hands-on skills and providing connections to help people make the most of their opportunities.
- We support by providing highly personalized professional and educational mentorship and guidance.

If you love and have fashion and style.....This is the club for you!! Hope to see you soon!!

11) Film Club

Sponsor: Mr. Ogunyode

Purpose: The purpose of the Drew Charter Film Club is to view and study film as well as make productions. The Film Club would sponsor an award show and/or film festival at the end of the school year.

Description: The film club is designed to give students an opportunity to view and study film and also to use the facilities and equipment of Drew Charter School to produce their own films. The group has a goal of sponsoring an award show and/or a film festival at the end of the school year to showcase student productions

12) Gaming Club

Sponsor: Mr. Wynn

13) Garden of Eva

Sponsor: Ms. Fernandez

The Garden of Eva combines the horticulture and botany of a

traditional garden with non-traditional sculptural practices. The artworks and gardening techniques will exemplify environmentally sustainable practices and new technologies such as permaculture and bioconstruction. The space will promote physical and mental health and support our community by creating an outdoor public space and food to those who need it. Students will be responsible for researching, planning, constructing, and maintaining preliminary designs, sculptures, horticulture techniques, plantings, and integration of technology.

14) GSA

Sponsor: Ms. Klein

The Gay Straight Alliance, unites LGBTQ+ and allied students to build community and organize around issues impacting them at school and in the community. The club is not only a safe space for LGBTQ+ students and their straight allies but also a place to discuss social change related to racial, gender, and educational justice beyond individual schools.

15) History of Hip Hop

Sponsor: Mr. Bennett

History of Hop will use music, documentaries, and short videos to chronicle the birth, growth and future of the genre

16) History Thru Film

Sponsor: Mr. Alford

In the History Thru Film club we pick movies based on historical events, and evaluate the Hollywood version against what actually happened. Students are expected to take the lead in recommending and voting on what we watch

17) NBA Club

Sponsor: Mr. Mayfield

Members of the NBA club will look at the multi-facets of the NBA and examine all things basketball. We will discuss players and stats and review film/highlights from the bubble in the playoffs. Lastly, we will discuss projections and predictions for playoff games, player trades, and the NBA draft.

18) Robotics Club

Sponsor: Mr. Ayers

19) Strength Training and Calisthenics

Sponsor: Mr. Kinney

Calisthenics and Weightlifting Club will get you strong! All with exercises you can do in the comfort of your own home with little to no equipment. Did you know that boxers like Floyd Mayweather and Mike Tyson used primarily calisthenics to build muscle? We will focus on using your body's resistance and gravity to build strength and control. Once you master your own body weight, we will incorporate weightlifting exercises. Come dressed appropriately and ready to work! All fitness levels are accepted.
